Piante giovani

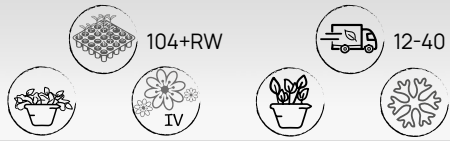

Sostenibilità ambientale nella qualità e affidabilità a pieno fiore.

- Forniamo piante giovani spuntate, ramificate e con radici ben sviluppate, in modo che il cliente non abbia problemi nella coltivazione.
- Forniamo tempi di coltura brevi, riducendo così i problemi per il cliente nella coltivazione.
- Induriamo le piante giovani e prepariamo ogni dettaglio, facendo tutto ciò che è necessario.
- Ci basiamo sulla nostra vasta esperienza e facciamo scrupolosi test: le piante giovani vengono controllate fino alla produzione del prodotto finito.
- Abbiamo un obiettivo chiaro quando si tratta dei nostri clienti: garantire una produzione buona e semplice.
- Ci consideriamo partner competenti: ovunque ci siano difficoltà, siamo pronti ad aiutare.
